WINERY
OF THE YEAR

Once again we have been recognised as “Winery of the Year” by the prestigious North American magazine, Wine & Spirits.

The awards ceremony was held yesterday, announcing the 100 winning wineries from various different countries that obtained this important recognition of quality, but the Annual Purchasing Guide listing the World’s 100 Top Wineries will appear in the October 2010 issue. This is the fourth time that we have been awarded this maximum distinction, the previous occasions being 2002, 2007 and 2008, which goes to prove our consistent quality over time.
